

SCIENTIFIC EVIDENCE for a UNIVERSAL FLOOD

Ray Mondragon

I. The Introduction

II. The Evidence from **Scripture** - universal Flood

III. The Evidence from Science

A. Flood Geology - interpretation of data

B. Evidence from Geology

1. Fossils - require catastrophic conditions

2. Fossil Graveyards - billions died together

3. Polystrate Fossils - conflicts with sedimentation theory

4. Coal and Oil - scale cannot be explained

5. Sedimentation - water deposited

6. Catastrophes - observed events

C. Evidence from **History** and **Culture** - universal Flood traditions
