## I. Introduction

The image features the classic "The End" logo from Looney Tunes. The words "The End" are written in a white, stylized cursive font with a blue drop shadow. The text is centered within a blue circle, which is itself set against a background of concentric, wavy red and orange lines that create a hypnotic, tunnel-like effect.

**French Revolution**

**Nazi Germany**

**“Hitler believed that primitive Christianity was the ‘first Jewish-Communist cell.’ The Nazis therefore propounded their own Millennium . . . The 1000 year Reich was propagated as a counter culture millenarianism directly opposed to the very originators of the millennial/apocalyptic worldview—Jews and Christians.”**

**Politics Today**

# **POLITICS TODAY**

✓ **Great Reset - obliteration of  
capitalism**

“Because the goals of the Great Reset depend on the **obliteration not only of free markets, but of individual liberty and free will**, it is, perhaps ironically, unsustainable. Like earlier attempts at totalitarianism, the Great Reset is doomed to ultimate failure. That doesn’t mean, however, that it won’t, again like those earlier attempts, leave a lot of **destruction in its wake**—which is all the more reason to oppose it now and with all our might.”

**Michael Rectenwald**

# **POLITICS TODAY**

- ✓ **Great Reset - obliteration of capitalism**
- ✓ **Globalism of today - utopian hope**
- ✓ **Environmentalism - Salvation of earth**

**“The fate of mankind, as well as of religion, depends upon the emergence of a new faith in the future. Armed with such a faith, we might find it possible to **resanctify the earth**”**

**“We need a restoration of the **millennial hope** which the Catholic Church dropped out of eschatology. It was crude in its form but wholly right in its substance. . . We hope for such an order for humanity as we hope for heaven for ourselves.”**

**“[The dispensational] view of history is anti-humanist and anti-developmental. . . . Change takes place almost solely through dramatic **divine intervention**. . . . Modern historiography assumes that human and natural forces shape the course of history. . . . These totally opposing views of history lay at the heart of the conflict and misunderstanding between theological liberals and their fundamentalist opponents.”**
