CREATION vs EVOLUTION - Evidence Supporting Creation

Ray Mondragon

I. The Introduction

II. The Destroying Evidence -

- | | |
|--|--------------------------------|
| A. The Evidence from Paleontology - | for evolution
fossil record |
| B. The Evidence from Geology - | geological column |
| C. The Evidence from Mathematics - | laws of probability |

III. The Scientific Evidence for Creation

- | | |
|---------------------------------------|------------------------|
| A. The Evidence from Physics - | laws of thermodynamics |
|---------------------------------------|------------------------|

- | | |
|---------------------------------------|-----------------------|
| B. The Evidence from Biology - | design |
| 1. The Simplest of Cells - | incredible complexity |

- | | |
|------------------------|-------------------|
| 2. The DNA Molecules - | software for life |
|------------------------|-------------------|

- | | |
|--------------------------------|---------------------|
| 3. The Complexity Everywhere - | throughout Universe |
|--------------------------------|---------------------|
