

SCIENTIFIC EVIDENCE for a UNIVERSAL FLOOD

Ray Mondragon

I. The Introduction

II. The Evidence from **Scripture** - universal Flood

III. The Evidence from Science

A. **Flood Geology** - interpretation of data

B. Evidence from Geology

1. Mid-Atlantic Ridge - tectonic evidence

Flood Stages

1) Causes of Flood

2. Fossils - require catastrophic conditions

2) Inundation Stage

3. Fossil Graveyards - billions died together

4. Polystrate Fossils - conflicts with sedimentation theory

5. Coal and Oil - scale cannot be explained

6. Sedimentation - water deposited

3) Recession Stage

7. Catastrophes - observed events

C. Evidence from **History** and **Culture** - universal Flood traditions
