FLOOD to ABRAHAM

Sumerians – 1st 25 dynasties

“The high longevities of Noah's immediate family combined with the gentile Pentecost of human government to make that family the most astounding aristocracy the world has known. ... During this period, all but one of the 25 dynasties of the Sumerian King list and the first 12 dynasties of Egypt ran their course. ...

John Pilkey

**Shem outlived most of them ...
This era of the cohabitation of the
earth by men who were virtual ‘gods’
alongside men of more obvious
mortality parallels the future
Millennial Kingdom when resurrected
saints will coexist with mortal
humanity in building the greatest
civilization history has ever seen.”**

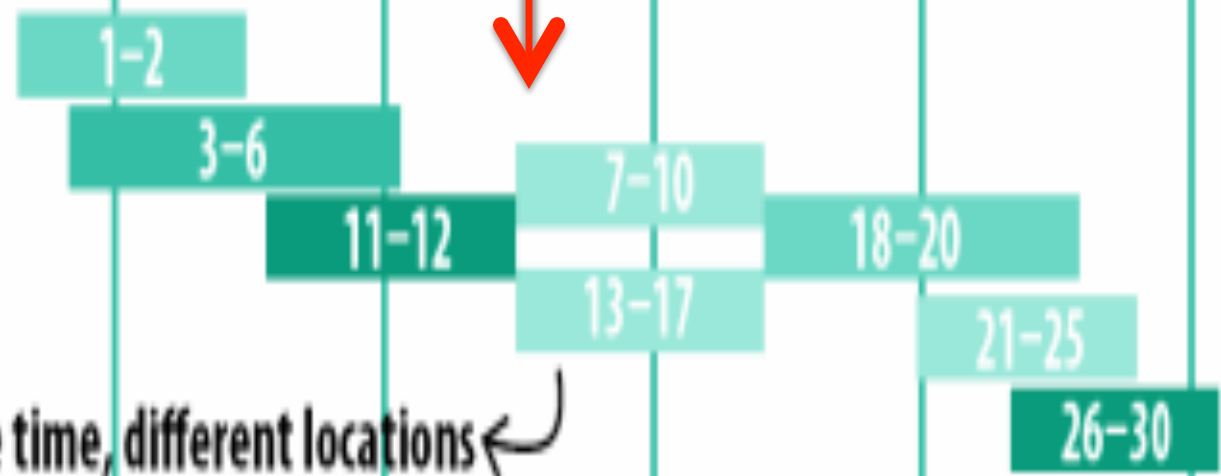

John Pilkey

The image shows the Great Pyramid of Khufu (Cheops) in Giza, Egypt. The pyramid is constructed from massive limestone blocks and is set against a clear, bright blue sky. The perspective is from a low angle, looking up at the pyramid's face, which emphasizes its height and scale. The texture of the stone is clearly visible, showing the individual blocks and the mortar between them.

A sunset scene over a body of water. The sun is a bright orange circle on the horizon, with a long, shimmering reflection of light extending down the water's surface. The sky is filled with soft, wispy clouds, and the overall color palette is dominated by warm oranges, yellows, and blues. The foreground shows the dark silhouette of a hillside with some sparse vegetation.
